Postmaster Carr,

Thank you for the leadership you provide the Postal Service in South Texas. I am grateful for the dedicated work of our men and women in the United States Postal Service and the important role they have played during the outbreak of the Coronavirus. They are on the frontlines delivering essential items, medications, and documents to a wide range of constituencies and businesses across Texas.

As you know the Postal Service recently opened a new location in Alamo Heights. The upgraded facility will serve the staff and the surrounding community well into the future. My office has been in contact with residents regarding the possibility of a drive-thru drop box, akin to the previous location in Alamo Heights. Constituents appreciated the convenience of that feature at the previous location, and in light of the Coronavirus pandemic many feel safer dropping their mail that manner.

I understand that this service is not currently available at the new location. Are there any future plans to install that feature at the Alamo Heights location? If that is not the case, please let me know if there are any regulations or city ordinances preventing the installation of this feature. Until then, if I can be of assistance to you moving forward, please do not hesitate to contact my office, or my Legislative Assistant, John Fletcher at John.Fletcher@mail.house.gov.

Sincerely,
